Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a summary of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (240) 276-1243.

Project: Projects for Assistance in Transition from Homelessness (PATH) Program Annual Report (OMB No. 0930-0205)—Revision

The Center for Mental Health Services awards grants each fiscal year to each of the states, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands from allotments authorized under the PATH program established by Public Law 101-645, 42 U.S.C. 290cc-21 et seq., the Stewart B. McKinney Homeless Assistance Amendments Act of 1990 (section 521 et seq. of the Public Health Service (PHS) Act). Section 522 of the PHS Act requires that the grantee states and territories must expend their payments under the Act solely for making grants to political subdivisions of the state, and to nonprofit private entities (including community-based veterans' organizations and other community organizations) for the purpose of providing services specified in the Act. Available funding is allotted in accordance with the formula provision of section 524

of the PHS Act.

This submission is for a revision of the current approval of the annual grantee reporting requirements. Section 528 of the PHS Act specifies that not later than January 31 of each fiscal year, a funded entity will prepare and submit a report in such form and containing such information as is determined necessary for securing a record and description of the purposes for which amounts received under section 521 were expended during the preceding fiscal year and of the recipients of such amounts and determining whether such amounts were expended in accordance with statutory provisions.

The proposed changes to the PATH Annual Report are as follows:

1. Format

To create a PATH report that is easier to read and questions that are easier to understand, language has been made more concise and questions have been renumbered.

2. Homeless Management Information Systems (HMIS) Data Integration

All data elements align with the 2014 HMIS Data Standards and can be extracted from HMIS.

3. Staff training

An element has been added to the Budget section to collect information about the number of trainings provided by PATH-funded staff.

4. Number of persons served this reporting period

To decrease reporting burden and improve data quality, several revisions were made to the collection of information about persons outreached and persons enrolled. Data elements were updated to more clearly describe the data to be reported and reduce confusion and potential for misinterpretation. Information about persons outreached has been divided into two elements to collect specific information about the location of the outreach contact (street outreach or service setting).

5. Services provided

To improve data quality, several service category labels have been updated to more accurately reflect the type of service to be reported. The “Screening and Assessment” category has also been divided into two separate categories to capture specific information about screenings and clinical assessments provided by PATH staff. The “Total number of times this service was provided” column has been removed to reduce reporting burden.

6. Referrals provided

To improve data quality, several referral category labels have been updated to more accurately reflect the type of referral to be reported. The “Total number of times this type of referral was provided” column has been removed to reduce reporting burden.

7. Outcomes

Elements collecting information regarding PATH program outcomes have been added. The PATH program’s transition to using local HMIS to collect PATH client data allows

data on client outcomes related to the PATH program to be more easily collected and reported.

8. Demographics

Response categories for demographic data elements have been updated to fully align with the 2014 HMIS Data Standards. An element to gather information about PATH clients' connection to the SSI/SSDI Outreach, Access, and Recovery program (SOAR) has also been added.

To decrease reporting burden and improve the outreach and engagement process, demographic information for “Persons contacted” is no longer required. Providers are encouraged to gather information and build client records as early in the engagement process as possible. All demographic information should be collected by the point of PATH enrollment.

9. Definitions

Definitions for PATH terms have been updated to streamline definitions and increase reliability of data reporting.

The estimated annual burden for these reporting requirements is summarized in the table below.

Respondents	Number of Respondents	Responses per Respondent	Burden per Response (Hrs.)	Total Burden
States	56	1	20	1,120
Local provider agencies	492	1	20	9,840
TOTAL	548			10,960

Written comments and recommendations concerning the proposed information collection should

be sent by [INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER] to the SAMHSA Desk Officer at the Office of Information and Regulatory Affairs, Office of Management and Budget (OMB). To ensure timely receipt of comments, and to avoid potential delays in OMB's receipt and processing of mail sent through the U.S. Postal Service, commenters are encouraged to submit their comments to OMB via e-mail to:

OIRA_Submission@omb.eop.gov. Although commenters are encouraged to send their comments via e-mail, commenters may also fax their comments to: 202-395-7285. Commenters may also mail them to: Office of Management and Budget, Office of Information and Regulatory Affairs, New Executive Office Building, Room 10102, Washington, D.C. 20503.

Summer King,
Statistician.
